

About Messe Muenchen India Pvt. Ltd.

Messe Muenchen India organizes the electronica India and productronica India trade fairs annually, alternating between Greater Noida and Bengaluru on yearly basis. electronica India and productronica India are South Asia's leading trade fairs for electronic components and manufacturing technologies that showcase the entire value chain in electronics production in all industrial sectors.

More about Messe Muenchen India: Founded in 2007 as a wholly owned subsidiary of Messe München GmbH, Messe Muenchen India Pvt. Ltd. is one of the leading organizers of trade fairs in India with an extensive portfolio of B2B trade fairs covering various sectors: air cargo India, analytica Anacon India/India Lab Expo, bauma CONEXPO India, drink technology India, electronica India, IFAT India, Indian Ceramics Asia, Intersolar India/The smarter E India, LASER World of PHOTONICS INDIA, MatDispens, Pack Mach Asia Expo, Pharma Pro Pack, productronica India, SmartTech Asia, VRTECH India, World Tea & Coffee Expo.

Messe Muenchen India works closely with industry stakeholders to develop well-researched trade fairs encapsulating the latest trends and innovations dominating the industry. Headquartered in Mumbai with offices in New Delhi, Bengaluru, Hyderabad and Ahmedabad, Messe Muenchen India connects global competence by bringing professionals together for business, learning and networking.

Organizer information Messe Muenchen India Pvt. Ltd.

Unit No. 762/862, 6th Floor, Solitaire Corporate Park Building No. 7,
167, Guru Hargovindji Marg, Andheri (East), Mumbai – 400 093

Global electronics network

With subsidiaries in Europe, Asia and South America and around 70 offices world wide for more than 100 countries, Messe München offers a network that spans the globe. The current address list is available here: messe-muenchen.de (International). Besides electronica India, Messe München organizes other leading electronics trade fairs worldwide.

We look forward to welcoming you at productronica India 2024

productronica India 2024

International Trade Fair for Electronics
Development and Production

India Expo Mart (IEML), Greater Noida
September 11-12-13, 2024 | Productiona-india.com

Innovations begin at productronica India:

productronica India is the only event in South Asia that brings together the entire electronics production ecosystem, from suppliers and manufacturers to distributors and customers. Present your company at productronica India 2023 and tap into the growing Indian electronics market.

The complete range of products

No other trade fair in India depicts the global market for electronics manufacturing as extensively as productronica India. productronica India brings together all domestic and international participants what gives you the best possible range of new partners and potential new customers from around the world.

Global business platform

High-quality Guests including decision-makers from India and abroad ensure first-rate potential for new business.

Expert knowledge and industry know-how

Expert knowledge and industry know-how Tailored with regard to specific topics that drive the industry, productronica India always underscores a close link to new developments. Leading national and international experts share their latest know-how.

Attractive synergies for Guests

Being co-located with electronica India, SmartTech Asia Expo and Laser World of Photonics India creates attractive synergies and added value for Guests. It gives them the opportunity to gain insights into the latest technologies and applications in all industry sectors.

Curtain raiser to SEMICON India

- Focused on 'Semiconductor market geopolitical Landscape – India projects'

Supporting programs

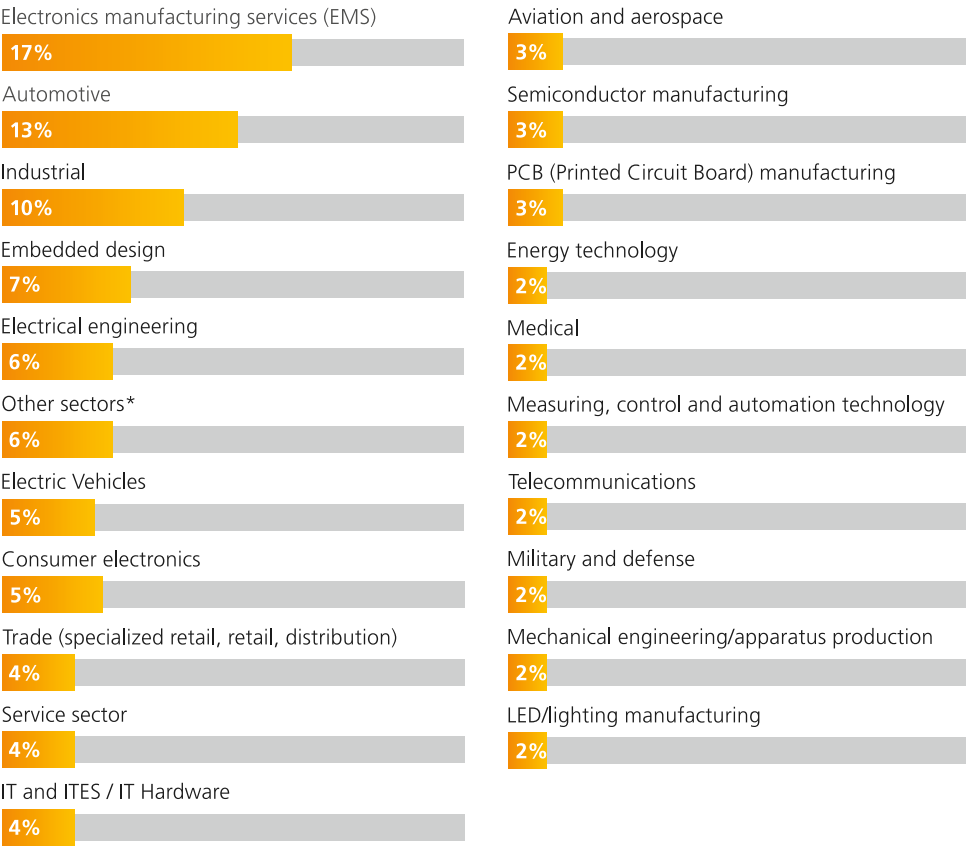

- India Display Manufacturing conference
- Conference on e-mobility
- India as an electronic hardware product nation
- India PCB Tech conference
- ELCINA - SEMI CEO forum
- Buyer-Seller forum

Guests

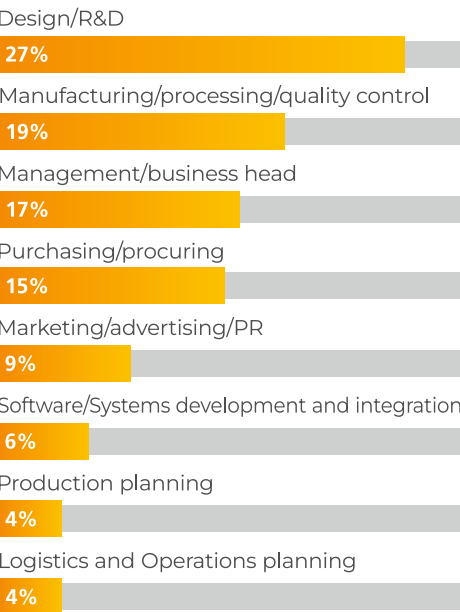

Industry

* Other sectors includes: Other manufacturing industry, Home entertainment, Fabless semiconductor design, EV, Railway technology, Office and data processing technology (OEM), Mobile phone manufacturing, Electronics assembly & manufacturing, Aerospace, Battery manufacturing, Mobile manufacturing, Packaging, Student

Job function

*Figures from visitors registration of electronica India,productronica India, IPCA Expo and MatDispens 2023.

“We witnessed a good range of technologies on display here. It is heartening to see the range of solutions offered by local manufacturers. The buyer-seller forum is a good initiative where we could explore solutions that already exist in the market and discuss our upcoming project requirements. We had many productive meetings with the solution providers exhibiting on this platform, and we hope to develop these partnerships in the near future.”

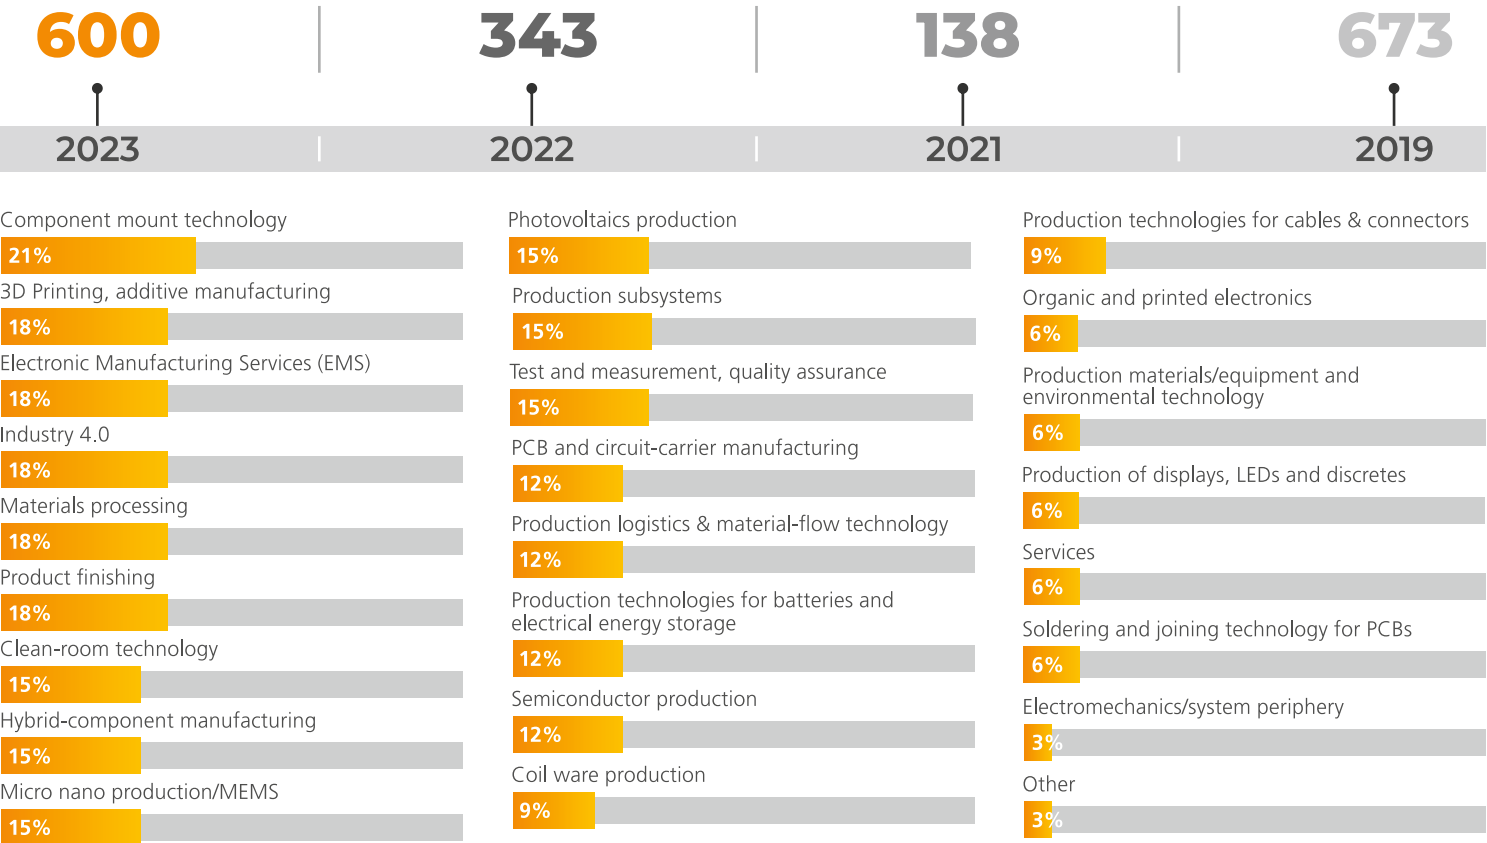

Mithun Kumar,
Manager-Cell Design, Ola Electric

“We are looking out for local manufacturers for some specialized medical equipment, and it is interesting to see the kinds of offerings by these companies, in the spirit of Atmanirbhar Bharat.I was particularly amazed by the representation of the startup community, especially the young generation of entrepreneurs who are keen to understand our complex requirements. We are looking forward to work with them for win-win collaborations.”

Devendra Krishna,
Lead Supplier Quality & Development
Engineer – ISS, GE BE Private Limited (GE Healthcare)

We are looking forward to work with them for win-win collaborations.”

Anurag Agate,
Sales and Service Engineer,
A&A Global Resources

“Participation in productronica India is an integral part of our business strategy. It provides an invaluable opportunity to connect with existing and potential customers, as well as strengthen relationships with our global suppliers”

Rajinder Kumar Kaura,
Chairman and Managing Director,
Bergen Group

Exhibitor assessment of their aims

Exhibitor assessment of the trade fair

Figures from exhibitor survey of electronica India,productronica India, IPCA Expo and MatDispens 2023.

“We have been overwhelmed by the wonderful response at productronica India. The energy is palpable, with a surge of young entrepreneurs eager to showcase their innovative solutions. A huge thank you to the productronica India team for having us.”

Prashant Patil,
COO, Kyoritsu

“productronica India is an unrivaled platform for showcasing core technologies. The event consistently attracts exceptional responses. The event enables us to meet new customers and explore new possibilities”

Kuldeep Talgaonkar,
Business Development Head
(Device Manufacturers) Device Connectors,
Phoenix Contact

The four elements of electronics development and production

productronica India's cluster structure keeps everyone oriented. It helps participants to keep track of the entire value chain in electronics manufacturing:

PCB & EMS Cluster

PCB and circuit-board manufacturing, Electronic Manufacturing Services (EMS)

Cables, Coils & Hybrids Cluster

Manufacturing technologies for cables and connectors, coilware production

Semiconductors Cluster

Semiconductor manufacturing, display manufacturing, LEDs and discrete devices, photovoltaics production, micronano production, cleanroom technology, materials processing, production technologies for batteries and electrical energy storage, organic and printed electronics

SMT Cluster

Component mount technology, soldering technology, test and measurement/quality assurance, product finishing, production subsystems, production logistics and material-flow technology

Partner association speaks

“ Our partnership with **electronica India** and **productronica India** goes a long way, and every edition is another giant leap towards establishing a meaningful network in the electronics manufacturing ecosystem. This year as well, our conferences under the CEO Forum, curtain raiser to SEMICON and India PCB Tech continued to receive strong participation from industry stalwarts from India and abroad. I am personally happy to see active representation from India's startup ecosystem. I enjoyed the discussions with the young entrepreneurs, and I hope to see many innovations launching soon. ”

Sanjay Agarwal, President, ELCINA

“ The Indian display market is at a critical inflection point resulting from expanding domestic volumes as well as growing share of exports. To leverage these demand trends, we must establish capabilities in terms of machinery as well as talent development. This edition of the India Display Manufacturing Conference saw many ideas emerge for the development of India's display market ecosystem ”

Pankaj Mohindroo, Chairman, ICEA

“ We saw good participation and lively discussions at the India PCB Tech Conference where the panelists shared insights on how to build a resilient domestic PCB industry for a self-reliant ESDM ecosystem. The IPCA Expo witnessed some of the latest products and solutions that will usher in the next growth phase for PCB manufacturing in the country. ”

M. Thiyagarajan, President, Indian Printed Circuits Association (IPCA)

“ This edition of **electronica India** and **productronica India** has been a high-energy meeting place of ideas and professionals from across the electronics manufacturing ecosystem in India. I am glad to see the level of international representation. This platform proved to be the ideal launchpad for SEMICON India 2024 which we are proud to host with our partners Messe Muenchen India and ELCINA. SEMI will welcome participation of domestic associations, especially ICEA and IESA. We have seen exciting conversations at our pavilion and during the various conferences. I am sure the excitement will only build further towards SEMICON India 2024. ”

Ajit Manocha, President and CEO, SEMI

Supporting programs

SEMICON India curtain raiser

The curtain raiser to SEMICON India 2024 was a key highlight of this edition. The event was jointly organized by Messe Muenchen India, SEMI – the global industry association of semiconductors and the Electronic Industries Association of India (ELCINA). SEMICON India is poised to foster knowledge exchange, spotlight innovative technologies, and cultivate meaningful relationships that drive the growth and progress of semiconductor manufacturing across the nation.

India Display Manufacturing conference (IDMC)

Messe Muenchen India and India Cellular and Electronics Association once again joined hands to bring the conference on Indian display market and manufacturing. The conference covered key topics such as Indian display market, material and technology sourcing, and assembly and manufacturing.

Conference on e-mobility

As part of “EVS live!”, Messe Muenchen India organized this conference to deliberate on India's vision and roadmap for electric vehicles, problems faced on-ground in the adaption of electric vehicles and technical solutions available to address these problems. The session brought together leaders from the e-mobility industry on a common platform to deliberate and make recommendations on this topic.

India as an electronic hardware product nation

To uplift India's electronics industry by increasing value addition through design led manufacturing and right to repairs, Messe Muenchen India joined hands with EPIC Foundation to organize a conference on “India: ESDM Product Nation”.

India PCB Tech conference

India PCB Tech Conference brings together the entire PCB industry ecosystem and supply chain, including policymakers, manufacturers, and other stakeholders, to exchange valuable information on market and technology trends, technical skills, and policies to boost the success and growth of the PCB manufacturing and assembly sector. The conference also features the latest PCB technologies from leading manufacturers and suppliers around the world.

Buyer-Seller forum

The Buyer-Seller forum is a unique platform to connect major buyers with sellers of electronics components, products and equipment from various segments including automotive electronics, consumer electronics, LED and lighting, industrial electronics to name a few. In 2023, more than 1800 meetings were successfully conducted.

Focus areas for 2024

productronica India 2024 is the leading international trade fair for electronics development and production in India. It provides you with an overview of the entire spectrum of the electronic components industry and gives you a new drive for your business success all under one roof. Join us and discover a universe of rich opportunities by connecting to a unique audience of professionals.

Emerging sectors

Semiconductors

Displays

PCB

Component manufacturing

Automotive electronics

Benefits of co-located shows

productronica India is co-located with electronica India, IPCA Expo, MatDispens and SEMICON INDIA. Together these shows attract a large number of visitors from across the electronics industry, including potential customers, partners, and investors. This gives productronica India a unique opportunity to showcase its products and services to a wider audience and increase its visibility and reach.

Accompanying trade fairs

electronica India is the leading trade fair for electronic components, systems, applications and solutions in India. The venue alternates between New Delhi and Bengaluru.

Adhesives and sealants are important ingredients of electronics part manufacturing and assembly. The demand for electronic adhesives is linked to the development and innovations in electronics products. productronica India aims to highlight this growth trajectory and provides valuable insight into its developments via MatDispens.

This trade fair brings the entire PCB industry eco-system and value chain together. It showcases the latest PCB technologies from manufacturers and suppliers from across the globe to facilitate the growing demand of PCBs in various industry segments.

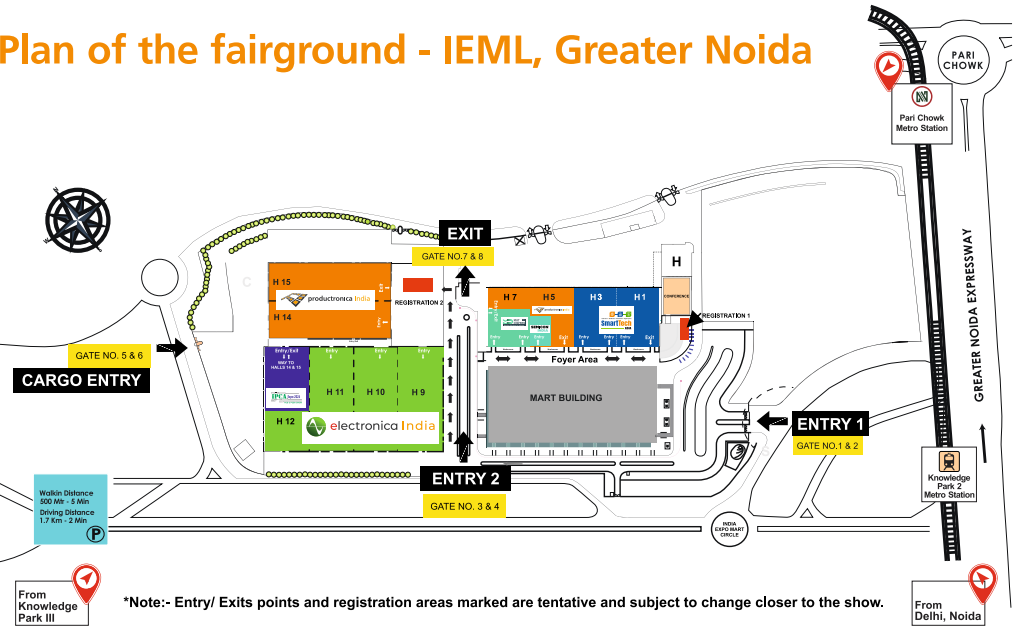

SEMICON India 2024, the exhibition and conference will feature hallmark networking opportunities and presentations by thought leaders from across the global semiconductor design and manufacturing supply chain. The co-location replicates the successful model of SEMICON Europa and will incorporate support from local industry association partners to connect the world with India's fast-growing electronics ecosystem

The location

India Expo Mart is the largest integrated multipurpose exhibition and convention center in India and has a unique combination of trade mart with exhibition and convention facilities, lawn, business center, restaurants, transportation facilities and sufficient parking areas. It is well linked to the main Ring Road of Delhi through eight lane expressways. With 28,000

square meters of indoor exhibition space and all facilities equipped with the most recent multimedia and high-speed connectivity, this is the best venue for all types of formal events.

Plan of the fairground - IEML, Greater Noida

Getting there

India Expo Mart is located in Greater Noida, near the JP Golf Course and within easy reach of central Delhi and the international airport on the new 8-lane Greater Noida Expressway. It is also easily accessible via metro, personal and public transport.
