

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

Duration:

Monday, 7 to Sunday, April 13, 2025

Opening hours exhibitors:

Monday to Friday	07:30 – 19:30
Saturday	07:00 – 19:30
Sunday	07:30 – End of dismantling

Opening hours visitors:

Opening hours for visitors will be advised on the bauma website (<https://bauma.de/en>) in good time before the event.

Organizer and financing body:

Messe München GmbH
 Am Messesee 2
 81829 München
 Germany

Tel. +49 89 949-11348
exhibiting@bauma.de
<https://bauma.de/en>

All prices indicated below are net prices. Insofar as applicable, prices are subject to German value-added tax at the statutory rate.

B 1 Application

Applications should only be filed online at <https://bauma.de/application>.

Deadline for applications for main exhibitors is Tuesday, January 30, 2024.

B 2 Eligibility

Admissible as exhibitors are all German manufacturers; all manufacturers from abroad or their German branch establishments; main importers; specialist dealers or service companies authorized by manufacturers; and those firms that are authorized by a manufacturer's works to exhibit its products. Main importers and authorized specialist dealers may only exhibit exhibits from manufacturers which are not represented at this trade fair themselves.

All exhibits must correspond to the bauma product groups directory. Other than the registered and admitted objects, or used and leased machinery, may not be exhibited. In exceptional cases, the manufacturer is permitted to present its own refurbished used machines at its own stand. The Messe München GmbH trade fair organizer has the final decision on admission. Organizers of joint pavilions are not exhibitors as defined by the "Special Terms of Participation (B)." For more information on the subject, please refer to the "Special Terms of Participation (B) for Joint Pavilions."

B 3 Participation fee, advance payment for services (cf. A 7)

Given admission, the application fee amounts to **EUR 410** for main exhibitors and **EUR 610** for co-exhibitors each.

The net participation fees per m² space are:

In the hall (minimum stand size 20 m²)

	from 20 m²	
Row stand	EUR 299	
Corner stand	EUR 325	
	20 to 499 m²	from 500 m²
End stand	EUR 338	EUR 326
Island stand	EUR 348	EUR 336

Two-story stand construction (Hall)

For two-story stand constructions, the fee per square meter overbuilt is **EUR 110**.

In the outdoor exhibition area (minimum stand size 100 m²)

100 to 499 m ²	EUR 152
500 to 999 m ²	EUR 125
from 1,000 m ²	EUR 109

Container space (flat rate) **EUR 1,200**

Mandatory communication fee (flat rate) **EUR 760**

Marketing fee **EUR 15/m²**

Advance payment for services (Hall) **EUR 23/m²**

(Outdoor exhibition area/yard space) **EUR 14/m²**

AUMA charge **EUR 0.60/m²**

Fixed waste-disposal fee (Hall) **EUR 8/m²**

(Outdoor exhibition area/yard space) **EUR 6.50/m²**

The participation fee covers the stand space rental and moreover comprises extensive services provided by Messe München GmbH.

These include in particular the following services:

- technical advice
- in the stand layout planning
- concerning on-site technical conditions and requirements to be considered in stand design
- during stand setup and dismantling

The services provided by Messe München GmbH moreover comprise the concept and public relations work for the trade show, preparation and organization of trade-fair related press conferences, presentations and exhibitor evenings, insofar as these are organized by Messe München GmbH, the preparation and implementation of forums and special shows, insofar as these are organized by Messe München GmbH or third parties on behalf of Messe München GmbH, the provision of exhibitor passes for authorized persons in accordance with clause B 14 "Exhibitor passes," the lighting, heating and air-conditioning of all exhibition spaces, basic guard service for the event site, regular cleaning of general areas, the provision of loudspeaker systems used for informing visitors to the fair, and other visitor information systems including signage, the provision of visitor lounges and catering facilities for exhibitors, visitors and the press within the exhibition premises, the deployment of first-aid operatives as well as traffic routing to and within the event site.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

Cont. B 3 Participation fee, advance payment for services (cf. A 7)

Mandatory communication fee

Exhibitors will be charged a mandatory communication fee amounting to **EUR 760**. This fee includes the basic entry in the catalog (catalog, internet, mobile, cf. B 12 Media services). It also covers other communication services as set out in provision B 12 "Media services (catalog, internet, mobile)." Exhibitors can book other entries in the respective advertising media for extra charges. The additional listing and advertising options with prices, which are provided by the media services partner commissioned by Messe München GmbH, can be viewed in the Exhibitor Shop. Orders are to be placed in a separate order process via the media services partner.

A marketing fee of **EUR 15/m²** will be charged in addition.

Advance payment for services

The advance payment for exhibitor services ("Advance payment for services," cf. A 7) is **EUR 23/m²** of rented exhibition space in the halls and **EUR 14/m²** in the outdoor exhibition area and yard spaces. The advance payment will be set off against the services actually ordered on the final invoice after the show.

Notwithstanding the foregoing, Messe München GmbH is entitled to demand an advance payment for services in the amount expected to be incurred for bauma 2025, using as a guideline, among other things, the actual amount which was incurred as the fee for services for bauma 2022.

AUMA charge

The Association of the German Trade Fair Industry (AUMA) levies all exhibitors a charge of **EUR 0.60/m²** of rented exhibition space. This amount is charged by Messe München GmbH and transferred directly to AUMA. The AUMA fee will be billed together with the participation fee in the admission invoice.

Fixed waste-disposal fee

The mandatory, flat-rate waste disposal fee in the amount of **EUR 8/m² (hall) and EUR 6.50/m² (outdoor exhibition area and yard spaces)** is to cover the disposal of all waste generated at the exhibitor's booth during setup and dismantling and throughout the duration of the trade fair. The disposal of exhibition stands at the end of the trade show as well as the disposal of production waste from demonstrations and exhibits is not covered by this fee.

B 4 Co-exhibitors

The participation of companies as co-exhibitors (cf. A 4) is on principle possible. Participation is, however, subject to Messe München GmbH's prior authorization. The application fee for co-exhibitors is subject to a charge. The application fee per co-exhibitor is **EUR 610**. However, a mandatory communication fee in the amount of **EUR 760** will be levied for each co-exhibitor. The mandatory communication fee for each co-exhibitor includes the same services as for the main exhibitor (cf. B 3).

Co-exhibitors are to be registered online by the main exhibitor. The application fee and the mandatory communication fee for co-exhibitors will be invoiced to the main exhibitor either with the admission invoice or with the final invoice, depending on the time of application.

The participation of firms as additionally represented companies (cf. A 4) is not possible.

For each co-exhibitor without Messe München GmbH's admission, Messe München GmbH is entitled to demand a penalty charge of **EUR 1,500** from the main exhibitor. Furthermore, Messe München GmbH may demand that co-exhibitors without Messe München GmbH's admission vacate the stand. Should the main exhibitor fail to comply with Messe München GmbH's vacation demand without delay, Messe München GmbH has the right of extraordinary cancellation in respect of the contractual relationship between Messe München GmbH and the main exhibitor.

B 5 Terms of payment (cf. A 7)

The amounts invoiced in all invoices issued by Messe München GmbH in connection with the event are to be transferred in euros, without deductions and free of all charges to one of the accounts specified in the respective invoice, indicating the customer number. The times of payment specified in the invoices are binding and are to be complied with.

Term of payment is Wednesday, January 15, 2025. Prior payment of the invoiced amounts in full is a condition for access to the exhibition stand, entries in the trade show media (print, online, mobile) and the use of exhibitor passes (cf. B 14). The final invoice for all extra charges (e.g. technical services, electricity, parking permits, ticket vouchers, etc.) will be sent to the exhibitor approx. six weeks after the end of the event. It is payable immediately upon receipt. Other services, such as stand cleaning, catering or stand security will be billed for directly by the service partners. Due to value-added tax legislation requirements, Messe München GmbH can only issue or readdress invoices to an invoice recipient other than the exhibitor, if the recipient is Messe München

GmbH's contractual partner concerning the services to be charged. If the exhibitor wants to designate the invoice recipient as the contractual partner of Messe München GmbH instead of himself, he can request the appropriate form at the e-mail address provided in the application. The form should be completed and signed with legally binding effect and returned to Messe München GmbH. Messe München GmbH is under no obligation to accept the different invoice recipient named by the exhibitor as its contracting party. Insofar as Messe München GmbH has already rendered services to the exhibitor at the time of receipt of this form, Messe München will have to bill these services to the exhibitor (cf. A 7). Should the exhibitor wish to have an invoice re-issued because the name, legal form or address of the invoice recipient has changed, the exhibitor is bound to pay Messe München GmbH a fee of **EUR 50** for each invoice amendment, unless the data included in the original invoice in respect of the name, legal form or address of the invoice recipient was incorrect and Messe München GmbH was responsible for the incorrect data.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 6 Dates of setting up and dismantling (cf. A 15)

Setup

Halls (except B0): as of March 26, 2025, 08:00 through April 6, 2025, 18:00
Hall B0: as of April 4, through April 6, 2025, daily 08:00 to 18:00
Outdoor exhibition area: as of March 3, 2025, 08:00 through April 6, 2025, 20:00

Truck check-in during setup:

Vehicles with a total length of more than **8 m** must register in advance via the FairLog online portal to reserve a time slot for access to the grounds and loading/unloading of goods. When arriving on site, vehicles need to register at check-in to complete the process. Depending on organizational requirements, Messe München reserves the right to extend the obligation for this process to include vehicles with a total length of less than **8 m**. Changes deemed necessary due to organizational requirements are reserved. Up-to-date information will be provided in the traffic guide.

On the last day of setup, April 6, 2025, all delivery and stand-construction vehicles must be removed from the halls by 18:00 and from the outdoor exhibition area by 20:00 at the latest. Vehicles which are still in the halls or the outdoor exhibition area after this time will be removed by Messe München GmbH at the risk and expense of the respective exhibitor. Furbishing work and decoration in the exhibitor's own stand space is possible until 20:00.

An extension of the setup time is permissible only in exceptional cases and with the prior written authorization of Messe München GmbH, Technical Exhibition Services.

Stands that are not occupied by 14:00 on the last day of setup may be used for another purpose by Messe München GmbH.

Dismantling

Halls (except B0): as of April 13, 2025, after the close of event through April 23, 2025, 18:00
Hall B0: as of April 13, 2025, after the close of the event through April 15, 2025, 18:00
Outdoor exhibition area: as of April 13, 2025, 16:30 through April 30, 2025, 18:00

Access to the fairgrounds for stand construction firms and delivery vehicles on April 13, 2025 no earlier than 18:30.

Truck check-in during dismantling:

Vehicles with a total length of more than **8 m** must register in advance via the FairLog online portal to reserve a time slot for access to the grounds and loading/unloading of goods. When arriving on site, vehicles need to register at check-in to complete the process. Depending on organizational requirements, Messe München reserves the right to extend the obligation for this process to include vehicles with a total length of less than **8 m**. Changes deemed necessary due to organizational requirements are reserved. Up-to-date information will be provided in the traffic guide.

An extension of the dismantling time is permissible only in exceptional cases and with the prior written consent of Messe München GmbH, Technical Exhibition Services.

If dismantling work is extended beyond the official dismantling period or if exhibits/other materials are left behind without the prior written approval of Messe München GmbH's Technical Exhibition Services, Messe München GmbH is entitled to charge the exhibitor a contractual penalty of **EUR 1,000** per day and stand space. The right of Messe München GmbH to claim further compensation for expenses remains unaffected. The exhibitor may demand a reduction in the lump-sum compensation if he proves that Messe München GmbH has incurred less damage.

Exhibitors admitted to the fair undertake to participate in the event. All booths must be duly equipped and staffed with qualified personnel during official opening hours for the whole duration of the trade fair. It is particularly important to ensure that the exhibition stand is fully manned and operational at the time of event opening. No exhibits may be removed or stands dismantled before the official closing of the show; in the event of a violation of this regulation, Messe München GmbH is entitled to charge the exhibitor a contractual penalty of **EUR 2,000**.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 7 Stand design and equipment

Halls

Stand designs for two-story constructions, for stands larger than **100 m²** or stand structures exceeding **3 m** in height or with a stand covering require prior authorization. Dimensioned drawings including floor plans and elevations on a scale of 1:100 must be submitted in duplicate to Messe München GmbH, Technical Exhibition Services, for approval no later than 6 weeks before setup begins.

One-story construction

The maximum construction height is **7.50 m**. The maximum advertising height (upper edge) is **7.50 m**.

Two-story construction

The maximum construction height is **7.50 m**. The maximum advertising height (upper edge) is **7.50 m**.

In addition, the maximum construction height (clearance) alongside the hall walls must be observed (see description of halls and outdoor exhibition grounds).

The partition walls facing the neighboring stand must be kept white, neutral, free of installations and clean above a height of **2.50 m**. It is recommended that exhibitors install partition walls (height **2.50 m**) as demarcation to neighboring stands. Messe München GmbH supplies partition walls only at the request and expense of the exhibitor. Partition walls or additional cabin walls (height **2.50 m**) can be ordered in the Exhibitor Shop. In the case of advertising structures directly facing adjoining stands, there must be a minimum distance of **2 m** to the stand perimeters. Flashing or changing lights must not be used for advertising purposes. The stand design must be adapted to suit the type of rented stand (island, end, corner, row stand), e.g. by partition wall systems. The exhibition stand should also meet the character of the respective trade fair to preserve the visual identity of the event. Messe München GmbH is entitled to demand changes in stand design on this account.

Stand designs can only be approved if the open sides of the booth have a uniformly open design. Erecting closed walls is permitted, provided they do not take up more than **70%** of the total length of that stand side. This ruling does not apply, if:

- the respective structure is set back from the stand perimeter by at least **2 m**.
- the height of structures at the stand perimeter does not exceed **1.20 m**.

If, for safety reasons, a closed structure exceeding **1.20 m** in length should be necessary, exhibitors are requested to consult with the Technical Exhibition Services. Messe München GmbH reserves the right to permit exceptions to these guidelines in individual, well-founded cases. The rear walls of exhibition stands rising above a height of **2.50 m** must be of neutral design, white, smooth and clean. Only such materials as are opaque and impervious to light are permitted for this purpose (no textiles). Advertising hoardings that extend above the walls of the booth must be at least **2 m** away from directly adjacent, neighboring stands. Flashing or alternating lights may not be used for advertising purposes.

It is not permitted to extend the stand design over the aisles (overbuilding). Messe München GmbH reserves the right to allow exceptions to this ruling in individual, well-founded cases, whereby the only permissible exception is the laying of different-colored carpeting. Raised platforms are generally not permitted.

Stand construction approval halls

Each installer/operator of an exhibition stand is individually responsible for its structural design, installation and operation, as well as for compliance with all legal stipulations applying to exhibitions and fairs, and with the Technical Guidelines and Terms of Participation set out by Messe München GmbH.

No approval of plans from Messe München GmbH is required given compliance with the following conditions:

- stand and/or advertising structures no higher than **3 m**
- stand area no larger than **100 m²**
- stand is without covering.

Any stand concepts in non-compliance with the aforementioned requirements are to be submitted in duplicate for approval to Messe München GmbH's Technical Exhibition Services, containing to-scale stand design plans (ground plan, elevations and sectional drawings) no later than 6 weeks prior to official setup date. If items are to be suspended from the hall ceiling, the work involved must be carried out by Messe München GmbH's contractors. Moreover, multi-story stands and special constructions (such as bridges, stairs, cantilever roofs, galleries, etc.) are as a general rule subject to separate approval. Please consult the "Building Regulations" set out under "Leaflets—applications" in the Exhibitor Shop for further information. **Please note under all circumstances the requirements set out in the Technical Guidelines and the information included in the individual notices.** Order forms to request additional exhibitor and technical stand services are available in the Exhibitor Shop.

Outdoor exhibition area

For anchorages of tents, guy-ropes and flagpoles as well as for other earthworks in the outdoor exhibition area, detailed site plans have to be submitted to the Technical Exhibition Services for written approval. No earthwork in the grounds may be performed without written approval.

Structural elements, stand signs and flags must be designed such that they do not constitute an unreasonable disturbance for neighboring stands. Misleading company signs must be removed at the request of the Exhibition Management. Depending on the infrastructure to be installed and if Messe München GmbH, Technical Exhibition Services so requests, a gap of **0.50 m** must be left between the perimeter of the neighboring stand to the rear and any permanent fittings and fitments. Any foundations required in the same location for the next exhibition can be left in if their component parts are at least **30 cm** below the topsoil and relevant contractual provisions have been agreed upon with Messe München GmbH. Plans showing the precise location and size of these foundations are to be submitted to Messe München GmbH, Technical Exhibition Services, in good time. When carrying out any stand setup work, attention should be given to existing supply lines, distribution boxes, hydrants, light masts, etc. If such facilities are located on the premises of individual stands, access to them must be assured at all times. To prevent any damages, no underground work may be started without prior consultation of Messe München GmbH, Technical Exhibition Services. Exhibitors whose stands border on the perimeter of the exhibition grounds may not use the fencing for stand setup purposes. The outside fences may not be used for advertising purposes.

Stand construction approval outdoor exhibition area

Each installer/operator of an exhibition stand is individually responsible for its structural design, installation and operation, as well as for compliance with all legal stipulations applying to exhibitions and fairs, and with the Technical Guidelines and Terms of Participation set out by Messe München GmbH.

No approval of plans from Messe München GmbH is required given compliance with the following conditions:

- height of stand and/or advertising structures no more than **5 m**
- size of stand less than **50 m²**.

All facilities erected on the trade fair site must comply with the material provisions of construction law.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

Cont. B 7 Stand design and equipment

Approval from the supervisory authority for construction work must be obtained for facilities which exceed an enclosed area of **50 m²** or a height of **5 m**. The requisite planning applications along with layout plans and structural calculations or inspection records are to be submitted in good time, at the latest 8 weeks before the start of assembly, to the Technical Exhibition Services (see form 1.3).

Approval of plans loading yards

Each installer/operator of an exhibition stand is individually responsible for its structural design, installation and operation, as well as for compliance with all legal stipulations applying to exhibitions and fairs, and with the Technical Guidelines and Terms of Participation set out by Messe München GmbH. Approval of plans by Messe München GmbH is mandatory and must be submitted no later than 6 weeks in advance. The fastening (securing) of stand components by ground anchorages is not permitted. Regulations for the fastening of exhibits by anchoring: Fastening (securing) of machinery by ground anchorages is possible only by written approval of Messe München GmbH's Technical Exhibition Services.

Snow clearance

To the extent that the exhibition area is fully covered by a layer of snow prior to the stand setup period, snow clearance can be applied for with Messe München GmbH (lead time prior to execution: 48 hours). This measure is executed on a one-off basis by Messe München GmbH at the request of the exhibitor before move-in, provided that the given exhibition space is accessible by standard clearance vehicles. Once the exhibition area has been occupied, the exhibitor is himself responsible for snow clearance on his own stand.

Deployment of cranes and exhibits

All cranes and exhibits to be erected in the outdoor exhibition area reaching a height of more than **15 m** require the prior approval of Messe München GmbH, Technical Exhibition Services and must be registered by means of the corresponding form 12 weeks prior to the commencement of the fair at the latest. If the necessary documents are submitted to Messe München GmbH later than 12 weeks prior to the start of the fair, Messe München GmbH is entitled to lay down a binding stipulation for the maximum erection height for these exhibits as is still available, based on safety grounds. Messe München GmbH is authorized to restrict or prohibit the setup work to ensure compliance with the height stipulated. Messe München GmbH reserves the right to have exhibits examined and/or accepted by experts even if the exhibits concerned do not come under the general data/requirements set out in the relevant form.

B 8 Official regulations and permits

All structures on the exhibition grounds (outdoor exhibition area) are to be executed according to the substantive provisions under building law. Authorization is to be obtained for structures that exceed a built-over area of **50 m²** or a height of **5 m** (pavilions, tents, cranes, plant and equipment, etc.). The necessary building applications as well as plans and structural analyses or test books are to be submitted to Messe München GmbH, Technical Exhibition Services, in good time but not later than 12 weeks before the beginning of the

setup period. Exhibitors are to comply with all legal requirements in the construction of their facilities. In addition to the Technical Guidelines, the relevant safety regulations of the Technical Control Board (TÜV) also apply to all exhibits and other facilities. Revolving tower cranes and the like must be secured in accordance with regulations. For safety reasons, it is not permitted to attach advertising media or other loads to cranes, with the exception of non-weighted flags.

B 9 Technical installations

Applications for electrical installation, water and telephone connections can be considered only if submitted through the Exhibitor Shop. Messe München GmbH provides information about applicable connection fees and specific terms of delivery in the Exhibitor Shop. For further details about order deadlines, please refer to the Exhibitor Shop. The technical services designated accordingly in the Technical Guidelines such as the provision of installations to supply the stand with electricity and water can be ordered only from Messe München GmbH.

Wired telecommunications equipment may only be provided by Messe München GmbH; Deutsche Telekom AG and other network operators are not authorized at the exhibition center. To connect his own stand area, the exhibitor may operate his own wireless LAN network at his stand after prior written approval from Messe München GmbH; the specifications of Messe München GmbH are to be complied with.

B 10 Use of equipment

Cranes, forklifts and platforms may only be used if they are provided by the responsible service partners of Messe München GmbH.

In special cases, the consent of Messe München GmbH's Technical Exhibition Services is required.

B 11 Sales regulations

Open selling or other provision of goods and services from the stand is not permissible. Exhibited articles may be delivered to purchasers only after the end of the fair. It is not permitted to show the selling price openly. Under

No. 64 GewO (German trade regulation act), it is permissible to sell only to commercial resellers, commercial consumers and bulk purchasers.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 12 Media services (catalog, internet, mobile)

The basic entry is subject to a charge (cf. B 3—Mandatory communication fee) and includes the following listings in the digital or printed media:

- listing of company name or company name (short), street, postcode, place, country code, telephone/fax number, hall/stand no. in the detailed exhibitor listing
- Interactive e-mail address and website as hyperlink
- Linking to common social media channels
- 1 entry under “Who is Who”
- 1 entry under “Trend themes”
- 1 entry under “product categories”
- Company profile (includes 225 digits)

Additional listing options, e.g. in the product groups directory, and other advertising opportunities in these media can be booked via the Exhibitor Shop. The Exhibitor Shop will be available for order placement in good time. The online ordering system will be made available to applicants in good time by the commissioned media services partner. The media services partner handles these extra listings with the ordering party in his own name and his own account. Messe München GmbH assumes no liability for the accuracy or completeness of the trade fair catalog (print, online and mobile).

The exhibitor is solely responsible for the permissibility under law—and particularly the law on competition—of entries placed in the exhibitor catalog (print, online and mobile) of Messe München GmbH at the instigation of the exhibitor. Should third parties assert claims against Messe München GmbH on account of the impermissibility of the entries under law in general or the law on competition, the placer of the entries shall hold Messe München GmbH fully safeguarded against all claims asserted including all costs of any necessary legal defense on the part of Messe München GmbH. The same applies to entries from exhibitors, co-exhibitors and exhibitors on joint stands that the respective exhibitor has arranged in the Messe München GmbH exhibitor catalog (print, online and mobile).

For contact details of the official media services partner, please refer to the bauma Exhibitor Shop.

In the context of a continuous digital development of our media services to improve the visibility of trade-fair presentations, Messe München GmbH reserves the right to modify or otherwise provide the aforementioned print and digital media services as necessary.

B 13 Online vouchers

Exhibitors and co-exhibitors have the possibility to order online vouchers via the Exhibitor Shop. The exhibitor or co-exhibitor will only be invoiced for the online vouchers actually used. Online vouchers may not be issued by the exhibitor or co-exhibitor in return for payment. It is also prohibited for the exhibitor's authorized representative to pass on the online voucher numbers and/or the visitor tickets purchased with them, either for a fee or free of charge. The only person authorized by the exhibitor is the person to whom the online

voucher number has been explicitly made available by the exhibitor. If the exhibitor or co-exhibitor issues online vouchers in return for payment, Messe München GmbH is entitled to terminate the order without notice and to refuse to issue any online ordered online vouchers or to block the visitor ticket purchased with the online voucher number. The exhibitor shall ensure that his co-exhibitors are aware of the above regulation.

B 14 Exhibitor passes (as Mobile or Print@home-Tickets)

The exhibitor passes also show the first and last name of the ticket holder next to the company name. Ordering, shipping and invoicing of exhibitor passes will be handled online.

The exhibitor passes can be ordered through the bauma Exhibitor Shop (available as of autumn 2024) at the following link: <https://bauma.de/shop/en>

Each main exhibitor is entitled to a specific allotment of free exhibitor passes, which will be deposited in the ticket portal. The exact amount of free exhibitor passes for main exhibitors is dependent on the respective exhibition space booked and will be announced in good time before sending the stand placement proposals.

At the same time, we will also advise you of the number of free co-exhibitor passes. All tickets used—minus free tickets—will be charged after the close of the event.

Please note: both free and fee-based tickets should be ordered via the Exhibitor Shop. The floor space of an upper story does not increase the number of free exhibitor passes.

Prices for exhibitor passes are listed in the Exhibitor Shop. Exhibitor passes are intended for stand staff only and may not be passed on to third parties. In case of abuse, Messe München GmbH is entitled to withdraw the exhibitor pass. Admission of co-exhibitors does not increase the number of your free exhibitor passes.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 15 Photo, film and video shooting (cf. A 10)

In deviation from A10 of the Conditions of Participation A, approval for photography, filming and video recording of the exhibitor's own stand is no longer required during the official set-up and dismantling times, or during exhibitor opening hours.
 Written permission is now only required outside these times (i.e. during night closing times) and is compulsorily linked to the booking of an accompanying

security guard. All information on this will be published in the Exhibitor Shop in the relevant leaflet.

The use of drones is expressly prohibited at all times (set-up, running time, dismantling).

B 16 Important exhibitor information concerning event operations

Following stand allocation, exhibitors will be informed by circular e-mail of further details concerning preparation and organization of bauma 2025.

B 17 Noise, sound effects, GEMA

Demonstrations, videos, music, show performances, etc. during the trade fair (see opening hours) require the prior consent of Messe München GmbH and may not disturb exhibitors at neighboring stands. Consequently, loudspeakers and other acoustic amplifiers or public address systems at stands must be positioned at the exhibition stand so that they cannot be heard at neighboring stands or in the aisles. The loudness level may not exceed **70 dB (A)** at stand borders (see Technical Guidelines 4.7.7, 5.8.1, 5.15). Despite previous granted permission, Messe München GmbH is authorized to restrict or prohibit any presentations that cause noise or are visually annoying or result in a substantial danger to or negatively affect the event or event participants for any other reasons.

Under the terms of the Copyright Act, the permission of GEMA – Gesellschaft für musikalische Aufführungs- und mechanische Vervielfältigungsrechte (Musical Performance and Mechanical Reproduction Copyright Watchdog) is required for musical renditions of any kind. Further information is available in the bauma Exhibitor Shop, or contact GEMA directly as follows:
 GEMA, 11506 Berlin, kontakt@gema.de, www.gema.de
 Unnotified reproductions of music may result in damage compensation claims by GEMA (§ 97, copyright law).

B 18 Stand parties

Stand parties on the exhibition stand require authorization by Messe München GmbH and must be notified no later than 14 calendar days prior to the start of event. Events may start no earlier than 18:30 and must end no later than 22:00. Until 22:30, the necessary clearing-up work may be undertaken on the stand area. By 23:00 at the latest, all persons must have left the fairgrounds. The exhibitor is responsible for ensuring that the attendees of his stand party do not access other trade fair booths or touch any exhibits located there. The exhibitor is to ensure that the attendees of his stand party follow the instructions of the safety and security service employed by Messe München GmbH. The

minimum scope of the safety and security services necessary is determined by Messe München GmbH. The exhibitor indemnifies and holds Messe München GmbH harmless in connection with the stand party.

The services provided by Messe München GmbH in connection with each stand party are charged to the exhibitor in the final invoice.

To ensure a smooth, uninterrupted event, we recommend that you consult with your booth neighbors of the planned party in advance. Please note that the volume of musical renditions on the stand may not exceed **70 dB (A)**.

B 19 Deliveries

Consignments, letters and other mail to be delivered to the exhibitor's stand must carry the following details:

- Name of the event (Messe München GmbH—bauma 2025)
- Hall (designation: A, B or C as well as the number of the hall (1–6)) or the outdoor exhibition area (designation: FN, FM, FS and the respective stand number) and stand number of the exhibition stand (e.g.: A6.503)
- Company name (c/o Name of the exhibitor)
- Mobile phone of a contact person of the respective exhibitor
- Am Messesee 2, 81829 München, Germany

Messe München GmbH does not take delivery of consignments, letters and other mail intended for exhibitors or third parties. Consignments can only be accepted by an employee of the exhibiting company on site at the stand. Exhibitors are advised not to deposit shipments or other objects unsecured in the hall or the outdoor exhibition area during setup and dismantling times.

Services with regard to the receipt and dispatch of consignments are offered by the authorized freight forwarders at the exhibition center.

During the actual runtime of bauma 2025, access to the exhibition premises for deliveries is restricted. Messe München reserves the right to temporarily suspend the entry of vehicles by area and at short notice. Detailed information will be made available in good time before the start of bauma 2025.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 20 Restoration of exhibition areas and loading yards

All exhibition space and loading yards must be handed over to Messe München GmbH's Technical Exhibition Services in its original condition by the stipulated date for completion of dismantling. To this end, the exhibitor must contact the Technical Exhibition Services in due time to make an appointment to have the space inspected and approved. Space in the outdoor exhibition area must be graded, and areas loosened by earthworks must be machine compacted. Asphalted and planted areas will be restored solely by Messe München GmbH at the expense of the exhibitor in question.

Generally speaking, exhibitors must completely remove all structures such as foundations, driven-in piles, utility lines, etc. after the close of the trade fair. Any foundations required in the same location for the next exhibition can be left in if their component parts are at least 30 cm below the topsoil and relevant contractual provisions have been agreed upon with Messe München GmbH. Messe München GmbH is entitled to revoke such an agreement at any time. If the required restoration work has not been completed by the stipulated dismantling deadline, Messe München GmbH is authorized to do this or contract a third party to do this at the expense of the exhibitor.

B 21 Transporting tracked vehicles

Only tracked vehicles with smooth track plates that are approved for use on public roadways may be driven on the roads of the trade fair center. Transporting tracked vehicles into the exhibition halls is permitted only with the

express consent of Messe München GmbH's Technical Exhibition Services. The exhibitor is fully responsible for any damage to road surfaces and hall floors.

B 22 Serving of alcoholic beverages

On the subject of serving alcohol in exhibition areas, kindly observe our separate guidelines. These will be published in due course after stand allocation on the bauma website at: <https://bauma.de/en>

B 23 Alterations

Messe München GmbH reserves the right to make alterations and additions in matters affecting technical arrangements and safety.
