

BOOST YOUR RUGGED SOLUTION WITH SMART ACCESSORIES

Get the right Tools for improved efficiency

With a full ecosystem of smart accessories and optional add-ons, you can configure your rugged devices for your specific work needs, or whatever type of solution you need. Add long-range scanners, pistol grips, RTK for centimeter-level accuracy, pole mounts, cradles, vehicle docks with antenna pass-through, field-swappable batteries, multi-bay chargers, handstraps, and stylus pens to customize your rugged computer fleet. Get your job done easier, faster and more efficiently.
