

Mumbai, November 11, 2024

Press Release

LASER World of PHOTONICS INDIA 2024 energizes the laser and photonics industry, showcasing groundbreaking innovations and advancements

- 117 exhibitors showcased more than 1,000 innovative products, solutions, and live demonstrations.
- 4,361 visitors over the course of 3 days, with more than 530 buyer-seller meetings.
- Engaging conferences offered insights on laser manufacturing excellence, smart laser applications, and advancements in optical and sensor technologies.

Jio World Convention Centre buzzed with energy from November 7-9, 2024, as LASER World of PHOTONICS INDIA 2024 unfolded, solidifying its role as India's premier event for the laser and photonics industry. Organized by Messe Muenchen India, the event attracted participants from across the globe, unveiling cutting-edge technologies and fostering a collaborative spirit for growth and innovation within the sector.

This year's event was supported by AMBAD Industries & Manufacturers' Association (AIMA), Laser Industries Association of India (LIAI), The Optical Society of India, SPECTARIS, Bombay Industries Association (BIA), and European Photonics Industry Consortium (EPIC). It attracted a strong turnout, featuring 117 prominent exhibitors and more than 4,361 visitors from India and around the globe. The exhibition hall buzzed with energy as industry professionals, technology enthusiasts, and students explored advanced solutions in industrial lasers, photonic technologies, and optoelectronics. Live demonstrations, technical sessions, and panel discussions showcased the latest advancements and facilitated meaningful interactions among industry leaders and professionals.

Bhupinder Singh, CEO of Messe Muenchen India, shared his excitement about the event's success: "LASER World of PHOTONICS INDIA 2024 has exceeded all expectations. The strong response from the industry highlights the event's importance in fostering innovation and collaboration. The vibrant atmosphere throughout the event reflects the resilience and growth potential of the laser sector in India. Clearly, user industries—from automotive and aerospace to medical technology and electronics—have significantly benefited from the insights and advancements presented during these three days."

Dr. Reinhard Pfeiffer, CEO of Messe München, emphasized the event's global significance: "While the Indian manufacturing industry is growing, the adoption of lasers in industrial applications is still in its early stages. However, the turnout and engagement we witnessed this year are strong indicators of a promising future for the industry."

Collaboration and Innovation at the Forefront

This year, the event focused on fostering synergies among various stakeholders in the industry, including leading technology providers, research institutes, and key decision-makers. The Buyer-Seller Forum received an enthusiastic response, facilitating over XXX meetings and paving the way for strategic partnerships. Some of the key participating buyers were Bajaj Auto, Society for Applied Microwave Electronics Engineering and Research (SAMEER) R&D under MeitY, Tata Institute of Fundamental Research (TIFR), Larsen & Toubro, IIT Bombay, Titan Company Ltd., Apple Inc., Council of Scientific and Industrial Research (CSIR), Bharat Electronics Limited, Wipro Pari Engineering & Services, Godrej & Boyce Manufacturing, Defence Research and Development Organisation (DRDO), L&T Defence, Luminous and more.

A Platform for Future Growth

The event featured forward-thinking conferences on cutting-edge trends in laser and smart manufacturing. The workshop "**Empowering Laser Manufacturing Excellence**" brought together industry leaders from Lithuania to share valuable insights with local manufacturers. The "**Smart Manufacturing with Lasers**" conference addressed key topics such as automation, Industry 4.0, additive manufacturing, and the role of lasers in defence and quantum technology. These initiatives enhanced the event's reputation as a launchpad for innovation and a hub for thought leadership. Additionally, the "**Photonics and Lasers Industry Academia Meet**" underscored the importance of collaboration between industry and academia in developing the laser and photonics ecosystem.

Dr. Lalit Kumar, President of the Laser Industries Association of India (LIAI), stated, "LASER World of PHOTONICS INDIA 2024 has been an outstanding success. The scale and quality of discussions, along with live demonstrations and new product showcases, have infused the industry with fresh ideas and opportunities. This event has created a vibrant atmosphere that will propel the industry forward."

Few exhibitors' testimonials

Goshal Shah, Director, Suresh Indu Lasers

"The 12th edition of LASER World of PHOTONICS INDIA has truly elevated the event by moving to the prestigious Jio World Convention Centre. With industries like electronics thriving, the laser sector holds significant potential, and this is the perfect time for manufacturers to connect with new opportunities."

Dr. Lalit Kumar, Managing Director, Coherent Laser India

"The quality of visitors at LASER World of PHOTONICS is exceptional, and exhibitors are very satisfied. The event has evolved into an ideal platform, and I encourage more students and institutions to attend and experience the technology firsthand."

Tarun Mendiratta, Director – Operations and Business Development, IPG Photonics

"The Indian market for laser welding is steadily growing, and we've had the chance to meet with high-quality, relevant customers here. The potential for expansion in this field is undeniable."

Few buyers' testimonials

Hariharan V, Deputy Group Director, Titan Company Limited

"At LASER World of PHOTONICS INDIA, we had productive interactions with exhibitors that perfectly aligned with our needs. Previously, cutting solutions for most materials were available, but we couldn't find a suitable one for brass. However, at this event, we were able to identify the right solution."

Rohit Bhosale, Wipro Pari Engineering & Services

"LASER World of PHOTONICS INDIA is an excellent platform for discovering cutting-edge technologies in laser cutting, marking, welding, and more. It's also a valuable opportunity to explore innovations from international companies."

Ashok Sharma, Larsen & Toubro Limited

"This is my fifth time attending LASER World of PHOTONICS INDIA, and it continues to be a key event. The entire photonics industry of India is represented here, and it's a great opportunity for collaboration. Anyone involved in optics, lasers, or photonics should make it a priority to attend."

As LASER World of PHOTONICS INDIA 2024 comes to a close, the industry departs with renewed confidence and excitement for future advancements. Committed to fostering growth and innovation, the event solidifies its role as a cornerstone for the laser and photonics community in India and beyond.

The next edition of LASER World of PHOTONICS INDIA will be held from September 17-19, 2025, at the Bangalore International Exhibition Centre in Bengaluru.

About Messe Muenchen India:

Founded in 2007 as a wholly owned subsidiary of Messe München GmbH, Messe Muenchen India Pvt. Ltd. is one of the largest trade fair organizers in the country today. The company has an extensive portfolio of B2B trade fairs covering a wide range of consumer and capital goods as well as emerging technologies. The company serves the Indian industry and international market with powerful brands such as air cargo India, analytica Anacon India/India Lab Expo, bauma CONEXPO India, drink technology India, electronica India, IFAT India, Indian Ceramics Asia, Intersolar India/The smarter E India, LASER World of PHOTONICS INDIA, MatDispens, Pack Mach Asia Expo, Pharma Pro Pack, productronica India, SmartTech Asia, World Tea & Coffee Expo, and many others.

Messe Muenchen India works closely with industry stakeholders to develop well-researched trade fairs that bring latest innovations to the market and facilitate meaningful business interactions. Headquartered in Mumbai with offices in New Delhi and Bengaluru, Messe Muenchen India connects global competence by bringing professionals together for business, learning and networking.

About Messe München GmbH

Messe München GmbH has been organizing trade fairs since 1964, and is one of the leading exhibition organizers worldwide, with nearly 40 of its own trade shows for capital goods, consumer goods and new technologies. Every year, about 29,000 exhibitors and around 1.4 million visitors participate in more than 115 events at the exhibition center in Munich, at the ICM – Internationales Congress Center München, the Conference Center Nord and the MOC Veranstaltungszentrum München as well as abroad. Together with its subsidiary companies, Messe München organizes trade fairs in China, India, Brazil, Africa, Turkey, and Vietnam. With a network of associated companies in Europe, Asia and South America, and with around 69 representative offices across 132 countries, Messe München has a truly global presence.
