

International Pavilion

at transport logistic Africa & air cargo Africa
02–04 February 2027, Sarit Expo Centre, Nairobi, Kenya
 air cargo | logistics | mobility | IT | supply chain management

Application Deadline:
31st July 2026

International Pavilion - Services

air cargo Africa & transport logistic Africa is the leading co-located exhibition and conference for the air cargo, multi-modal logistics, and supply chain industry across Africa. The event connects shippers, forwarders, carriers, terminal operators, technology providers, and policymakers driving the next decade of growth on the continent.

For international companies, the **International Pavilion** offers a cost-effective and highly visible turnkey participation package with minimal organizational effort.

Your benefits at a glance:

- Broad international visibility under the International Pavilion umbrella — while retaining your individual corporate identity
- Central, prime-location pavilion positioning on the show floor to maximise traffic and exposure
- Streamlined, hassle-free trade fair coordination — from application to on-site logistics
- Cost-effective participation through pre-designed turnkey packages (no hidden costs)
- Well-equipped shared infrastructure, including a central information counter at the International Pavilion
- Inclusion in pavilion group marketing — show guide listing, dedicated International Pavilion page on show website.
