B 6 Co-exhibitors

All companies, including subsidiaries or companies otherwise affiliated with the exhibitor, represented on the exhibitor's stand with their own logo and personnel must be registered as co-exhibitors.

Co-exhibitors require prior approval by Messe München GmbH. Permission to participate may be granted only if the co-exhibitor would also be eligible to participate as an exhibitor.

Note:

All co-exhibitors must be registered by the exhibitor. The exhibitor will be sent a link when the exhibitor registration process is complete. The main exhibitor can use the link to submit a co-exhibitor online registration for their registered space.

For each co-exhibitor without Messe München GmbH's admission, Messe München GmbH is entitled to demand a penalty charge of **EUR 600** from the exhibitor. Furthermore, Messe München GmbH may demand that co-exhibitors without Messe München GmbH's admission vacate the stand. Should the exhibitor fail to comply with Messe München GmbH's vacation demand without delay, Messe München GmbH has the right of extraordinary cancellation in respect of the contractual relationship between Messe München GmbH and the exhibitor.

B 7 Terms of payment (cf. A 7)

The amounts invoiced in all invoices issued by Messe München GmbH in connection with the event are to be transferred in euros (EUR), without deductions and free of all charges to one of the accounts specified in the respective invoice, indicating the customer number. The times of payment specified in the invoices are binding and are to be complied with. Prior payment of the invoiced amounts is a condition for access to the exhibition area.

Unfortunately, value-added tax legislation prevents Messe München GmbH from issuing or re-addressing invoices to an addressee other than the exhibitor on whose behalf Messe München GmbH has or will render services as its contracting party. Messe München GmbH is only allowed to issue invoices to its contracting party. Please note that the final invoice can only be made out to the billing and business address given on the application form respectively the address that was used for the admission invoice. Otherwise, any advance payment made cannot be offset against the payment due for the services actually provided. Should the exhibitor wish to have an invoice changed or reissued because the name, legal form or address of the invoice recipient has changed,

the exhibitor is bound to pay Messe München GmbH a fee of **EUR 50** for each invoice amendment, unless the details included in the original invoice in respect of the name, legal form or address of the invoice recipient were incorrect and Messe München GmbH was responsible for the incorrect details. The final invoice for all additional costs (e.g. tickets and passes, technical services) will be sent to the exhibitor approx. **6 weeks** after the end of the event; it is payable immediately upon receipt.

Note

If an exhibitor's internal order number or other details requested by the exhibitor are to be included in the admission invoice or in any other invoice issued by Messe München GmbH, the exhibitor must notify Messe München GmbH of this information in text form by **December 31, 2026** at the latest if it is to be included in the invoice subject to verification by Messe München GmbH. Otherwise, the invoice will be issued without this information. Subsequent inclusion of this information will result in a change to the invoice, for which the exhibitor will be required to pay an amount of **EUR 50**.

Special Terms of Participation (B)

Event-specific traffic guide

Driving motor vehicles on the exhibition grounds

Driving on the grounds with motor vehicles or vehicle combinations of any kind (hereinafter referred to as "vehicles") is at your own risk. The provisions of the German Road Traffic Regulations (StVO) apply accordingly throughout the exhibition grounds and in the parking lots. The maximum speed permitted on the exhibition grounds is 20 km/h.

There is an absolute ban on stopping outside the areas designated for stopping and parking. The marked driveways, fire department movement areas and escape routes (outer gates, hall gates, emergency exits, etc.) must be kept clear at all times.

Vehicles may only be parked on the exhibition grounds in the designated areas and only temporarily for the purpose of unloading or loading materials. On completion of loading/unloading, the vehicle must leave the exhibition center immediately; no parking beyond this activity is permitted.

Messe München GmbH reserves the right to remove vehicles, trailers, containers, bins, empties or full loads of any kind parked illegally or in no-stopping zones without prior notification at the expense and risk of the party responsible. Guarding and safekeeping are excluded.

Right of transportation and forwarding

The operation of exhibitor-owned forklift trucks, cranes, high-lift pallet trucks and low-lift trucks with operator platforms is not permitted on the Messe München exhibition grounds. Messe München GmbH's accredited forwarding agents exercise the sole right of forwarding on the exhibition grounds, in particular with regard to the transportation of exhibits or the loading and unloading of trucks.

Deposit collection

A deposit of **EUR 100** in cash must be paid for each vehicle when entering the exhibition grounds at the times specified in the traffic guide. The deposit will be returned on exit and is subject to compliance with the specified deposit period. If the deposit period is exceeded, the deposit will be forfeited. The deposit period is dependent on the respective vehicle class and can be found in the traffic guide.

FairLog truck guidance system for long vehicles

For vehicles with an overall length exceeding **8 m**, a time slot must be booked in advance via the "FairLog" online portal for loading or unloading at the times specified in the traffic guide. On site, these vehicles must be registered at check-in before accessing the site, stating the time slot reservation number in order to complete the process.

Rental Spaces for Containers and Exhibits

Parking spaces for containers and exhibits in the loading yards may only be occupied as of 18:00 on the last day of setup. They must be vacated no later than one hour after the end of the trade fair on the last show day. In the event of violation of these provisions, Messe München GmbH is entitled to demand a lump-sum compensation amounting to the respective net rent per space plus VAT for each day on which the rental space was occupied too early or vacated too late.

Last setup day

On the last day of setup, **April 25, 2027**, the time available for stand construction is 07:00 to 18:00.

All delivery and stand-construction vehicles must be removed from the halls, the loading yards around the halls, and the outdoor exhibition area by 18:00. Vehicles which are still in the said areas after this time will be removed by Messe München GmbH at the risk and expense of the respective exhibitor.

Furbishing work and decoration in the exhibitor's own stand space is possible from 18:00 until 20:00. An extension of setup time after 20:00 is only permitted in exceptional cases and subject to a fee. A night work permit must be obtained on site from the security service.

Start of dismantling

Vehicles of stand construction companies and suppliers shall not be admitted before 18:00 on April 29, 2027.

Stand operation

The approved exhibitor is obliged to participate in the event. Throughout the duration of the fair and the prescribed opening hours, all stands must be properly equipped and staffed with competent personnel. In particular, care must be taken to ensure that the stand is fully occupied at the time the trade fair opens each day. The removal of exhibition goods and the dismantling of stands before the end of the trade fair is not permitted; in the event of a breach of this regulation, Messe München GmbH reserves the right to charge a contractual penalty of EUR 2,000 from the exhibitor. In all other respects, the regulations set out in A 15 of the General Terms of Participation apply.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 9 Stand design and equipment

Stand designs for stands larger than **100 m²** or stand structures exceeding **3 m** in height or with a stand covering require prior authorization. Dimensioned drawings including floor plans and elevations on a scale of 1:100 must be submitted digitally in PDF format (not protected) to Messe München GmbH, Technical Exhibition Services Division, for approval no later than **March 5, 2027**. **After submission of the complete documents, a stand approval can be expected within 4 weeks.**

Halls, general

One-story construction

The maximum construction height is **7.50 m**.

The maximum advertising height (upper edge) is **7.50 m**.

In addition, the maximum construction height (clearance) alongside the hall walls must be observed (see description of halls and outdoor exhibition grounds).

To maintain transport logistic's character as a communications platform and work exhibition, exhibitors must make sure that their stands have an open design. Messe München GmbH is entitled to prescribe changes in stand design in this context. Stand designs can only be approved if the open sides of the stand have a uniformly open design.

Erecting closed walls is permitted, provided they do not take up more than 70% of the stand side in question, and completely closed walls may be no more than 6 m in length. A closed length of wall measuring 6 m must be followed by an opening at least 2 m wide. This provision is NOT rendered inapplicable either by observing a setback from the stand perimeter. The clearance width of 2 m must furthermore be observed in the case of an exhibit which acts like a continuous, closed wall (e.g. container, trailer, etc.). Messe München GmbH reserves the right to permit exceptions to these guidelines in individual, well-founded cases.

The partition walls facing the neighboring stand must be kept white, neutral, free of installations and clean above a height of **2.50 m**. Only such materials as are opaque and impervious to light are permitted for this purpose (no textiles). It is recommended that all exhibitors install partition walls (height **2.50 m**) at the perimeter to neighboring stands. Partition walls will be installed at the expense of the exhibitor only. Advertising hoardings that extend above the walls of the stand must be at least **2 m** away from the immediately adjacent stand. Partition walls or additional booth walls can be ordered via the Exhibitor Shop. Advertising may not feature flashing or alternating lights. It is not permitted to extend the stand design over the aisles. Messe München GmbH reserves the right to allow exceptions to this ruling in individual, well-founded cases.

The use of balloons, airships and other flying objects, e.g. drones, is generally prohibited in the halls and outdoor exhibition area. Exceptions require the prior written permission of the Technical Exhibition Services Division of Messe München. Only firmly anchored balloons with a diameter up to one meter are approvable. To the extent that approval is granted, the balloons and airships may only be filled with non-flammable, non-toxic gases. It must be ensured at all times that the balloon is kept within the stand boundaries, maintaining a distance of **2 m** to all stand walls and does not exceed the maximum advertising height of **7.50 m**.

Note

Messe München GmbH alone decides on the use and covering of open spaces outside the stand areas rented to the exhibitor.

Stand construction approval

As a matter of principle, every planner/designer of an exhibition stand is responsible for compliance with public statutory regulations, insofar as applicable to exhibition stands, and compliance with Messe München GmbH's Technical Guidelines as well as the General Terms of Participation.

No approval of plans from Messe München GmbH is necessary given compliance with the following requirements:

- stand and/or advertising structures no higher than **3 m**
- stand area no larger than **100 m²**
- stand is without covering.

Any stand concepts in non-compliance with the aforementioned requirements are to be submitted for approval to Messe München GmbH's Technical Exhibition Services Division, containing to-scale stand design plans (ground plan, elevations and sectional drawings) digitally, in PDF format (not protected) no later than **March 5, 2027**. If items are to be suspended from the hall ceiling, the work involved must be carried out by Messe München GmbH's contractors. The placing of motor vehicles of any kind on the stand area for exhibition or decorative purposes is prohibited and is permissible only in exceptional cases on the prior written consent of the Exhibition Management. Moreover, multi-story stands and special constructions (such as bridges, stairs, cantilever roofs, galleries, etc.) are as a general rule subject to separate approval. Please consult the "Building Regulations" set out under "Notices—Applications" in the Exhibitor Shop for further information. **Please note under all circumstances the requirements set out in the Technical Guidelines and the information included in the individual notices.**

Outdoor exhibition area

Structural elements, stand signs and flags must be designed such that they do not constitute an unreasonable disturbance for neighboring stands. Misleading company signs must be removed at the request of the Exhibition Management.

When carrying out any stand setup work, attention should be given to existing supply lines, distribution boxes, hydrants, light masts, etc. If such facilities are located on the premises of individual stands, access to them must be assured at all times. To prevent any damages, no underground work may be started without prior consultation of Messe München GmbH, Technical Exhibition Services Division. Exhibitors whose stands border on the perimeter of the exhibition grounds may not use the fencing for stand setup purposes. The outside fencing may not be used for advertising purposes.

Deployment of cranes and exhibits

All cranes and exhibits to be erected in the outdoor exhibition area reaching a height of more than **10 m** require the prior approval of Messe München GmbH, Technical Exhibition Services Division, and must be registered by means of the corresponding form **12 weeks** prior to the commencement of the fair at the latest. If the necessary documents are submitted to Messe München GmbH later than **12 weeks** prior to the start of the fair, Messe München GmbH is entitled to lay down a binding stipulation for the maximum erection height for these exhibits as is still available, based on safety grounds. Messe München GmbH is authorized to restrict or prohibit the setup work to ensure compliance with the height stipulated. Messe München GmbH reserves the right to have exhibits examined and/or accepted by experts even if the exhibits concerned do not come under the general data/requirements set out in the relevant form.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 10 Restoration of exhibition areas

All exhibition areas must be handed over in their original condition by the stipulated date for completion of dismantling. The sites in the outdoor exhibition area must be graded, and areas loosened by earthworks be machine compacted. Asphalted and planted areas will be restored solely by Messe München GmbH at the expense of the respective exhibitor. On principle, exhibitors must completely remove all structures such as foundations, driven-in

piles, utility lines, etc. after the close of the trade fair. If the required restoration work has not been completed by the set dismantling deadline, Messe München GmbH is authorized to have the work done at the expense of the exhibitor. Important—please note: leaking oil corrodes the tarmac. Soiled or damaged areas will be restored at the expense of the exhibitor.

B 11 Official regulations and permits

Authorization is to be obtained for structures that exceed a built-over area of **50 m²** or a height of **5 m** (pavilions, tents, cranes, plant and equipment, etc.). The necessary building applications as well as plans and structural analyses or test books are to be submitted to Messe München GmbH, Technical Exhibition Services Division, in good time but no later than **March 5, 2027**.

In the erection, operation and dismantling of their structures at the exhibition center, exhibitors are to comply with all statutory and official regulations as well as the relevant requirements of Messe München GmbH and especially those from the Terms of Participation and the Technical Guidelines. In addition to the Technical Guidelines, the relevant safety regulations of the TÜV (German organizations for technical inspection and control) also apply to all exhibits and other equipment and facilities; recognized codes of practice are to be complied with. Revolving tower cranes and the like must be secured in accordance with regulations. For safety reasons, it is not permitted to attach advertising media or other loads to cranes, with the exception of non-weighted flags.

B 12 Technical installations

Orders for technical services as outlined in the Technical Guidelines, such as the provision of electricity and water supply for the stand, as well as telecommunication services can only be accepted if they are placed through the Exhibitor Shop of Messe München GmbH until **March 5, 2027** the latest.

The specific terms of delivery that apply to all orders can be accessed in the Exhibitor Shop. All technical services are to be ordered from Messe München GmbH only. Telecommunication services (connected by wire or wireless) will be provided by Messe München GmbH. Exhibitors own WiFi networks are notifiable with costs, we need the registration form latest 14 days before the

exhibition starts. Please note not to allow the function of Messe München's inhouse hotspot. Your SSID must not be reachable outside your stand, the WiFi channel will be allocated by Messe München. Please note our general connecting conditions. Orders require Messe München GmbH's acceptance, which may be given tacitly, e.g. by providing the items or services ordered. The exhibitor is entitled to cancel an order for an item or service in full or in part if Messe München GmbH receives the cancellation at least **one week** before the official date of setup. In all other cases, the contract can be cancelled only with Messe München GmbH's written consent.

B 13 Sales regulations

Open selling or other provision of goods and services from the stand is not permissible. Exhibited articles may be delivered to purchasers only after the end of the fair. It is not permitted to show the selling price openly. Under

No. 64 GewO (German trade regulation act), it is permissible to sell only to commercial resellers, commercial consumers and bulk purchasers.

The same applies to entries from co-exhibitors and exhibitors on joint stands that the respective exhibitor has arranged in the Messe München GmbH online exhibitor directory, app and visit planner.

For the duration of the fair, each exhibitor receives a specific number of free exhibitor permanent passes for his stand:

In the halls

up to **20 m²** of stand size

3 exhibitor

as from **21 m²** for every further **10 m²**
or part thereof

1 exhibitor
permanent pass
in addition

as from **101 m²** for every further **20 m²**
or part thereof

1 exhibitor

in addition

In the outdoor exhibition area

The exhibitor passes are intended for stand staff only and for service personnel permanently hired for the duration of the show, who are not employees of a Messe München service partner. In case of abuse, Messe München GmbH reserves the right to withdraw the exhibitor passes. The company name as stated in the registration is valid and binding for all tickets. A subsequent change to the company name can only be made if the official name of the exhibitor has changed, and then it also applies to all tickets.

Permanent exhibitor passes (free and fee-based) should be ordered and personalized via the Exhibitor Shop. The exhibitor permanent passes will be sent by e-mail.

Your exhibitor permanent pass will be issued as a Print@home-Ticket and as a mobile ticket (Wallet/Passbook).

The Exhibitor Shop will be available to you online both before and during the event. The number of free exhibitor permanent passes exhibitors are entitled to will be shown during the registration process. In the final invoice, only those exhibitor permanent passes will be listed that were actually used for the event. Free or unused passes will not be charged.

Co-exhibitors obtain one free exhibitor permanent pass.

Permanent exhibitor passes entitle the holder to use public transportation to and from Messe München from April 25 to 29, 2027 (last set-up day + trade fair period) (MVV ticket for zones M–6).

B 16 Photo, film and video shooting (cf. A 10)

In deviation from A 10 of the Conditions of Participation A, approval for photography, filming and video recording of the exhibitor's own stand is no longer required during the official set-up and dismantling times, or during exhibitor opening hours.

Written permission is now only required outside these times (i.e. during night closing times) and is compulsorily linked to the booking of an accompanying security guard. All information on this will be published in the Exhibitor Shop in the relevant leaflet.

The use of drones is expressly prohibited at all times (set-up, running time, dismantling).

B 17 Advertising

The following provision replaces clause A 11:

No advertising activities, including the deployment of stationary and mobile advertising carriers, promotion teams or the distribution of printed media and food samplings may be conducted at the fairgrounds outside the confines of the given exhibitor's stand, unless the exhibitor has applied for and obtained authorization from Messe München GmbH for such activities, which are subject to a fee. Messe München GmbH is entitled to stop unauthorized advertising activities outside the confines of the rented stand, in particular to expel persons

who are used as advertising carriers from the site, and to confiscate, remove or destroy unauthorized advertising media. Messe München GmbH is entitled to demand a compensation in the amount of **EUR 5,000** for unauthorized advertising activities carried out by the exhibitor outside his stand, or by third parties commissioned by him, amounting to twice the fee Messe München GmbH would have charged for granting approval. Messe München GmbH's right to claim further damages remains unaffected.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 18 Evening events

Evening events on the exhibition stand require authorization by Messe München GmbH and must be notified. Events on **April 26, 27 and 28, 2027** may start no earlier than **18:00** and must end no later than **22:00**. Until **22:30**, the necessary clearing-up work may be undertaken on the stand area. By **23:00** at the latest, all persons must have left the fairgrounds.

The costs per stand party will be charged at a flat rate with the final invoice.

Application until **March 26, 2027**

up to 99 m ² stand space	EUR 600
from 100 m ² stand space	EUR 800

Application until **April 16, 2027**

up to 99 m ² stand space	EUR 800
from 100 m ² stand space	EUR 1,000

Please note that registrations are no longer possible after **April 16, 2027**.

When co-exhibitors or joint exhibitors register for a stand party, the total floor space of the main exhibitor or joint booth organizer is always used to calculate the booth space.

A maximum of two evening events can be registered per stand/exhibitor.

Please note that rehearsals, e.g. for musical accompaniment to the evening event, are only permitted from 17:00 with a maximum volume of 70 dB (A).

Security

Only the rented space may be used for the event. All escape and rescue routes (all aisles) must be kept clear at all times and may not be blocked by structures or storage areas (placement of stand, catering and band furniture and equipment).

The exhibitor shall ensure that participants at its event do not enter the other exhibition stands or touch any objects located there. The exhibitor is responsible for ensuring that participants at his event comply with the instructions of the security and stewarding service deployed by Messe München GmbH. The minimum scope of the security and stewarding services will be determined by Messe München GmbH. The exhibitor indemnifies and holds Messe München GmbH harmless and indemnified in connection with the event. The maximum number of persons per stand event is to be observed for each event. The guideline is 1.5 persons per m² of stand area. The services provided by Messe München in connection with each event will be invoiced to the exhibitor with the final invoice.

Information on the requirements and rules for access for service personnel or external guests, as well as access for catering companies, will be provided when you register for the evening event.

Recommendation

To ensure that your evening event runs smoothly, we strongly recommend that you coordinate with your booth neighbors well in advance.

B 19 Noise, sound effects, GEMA (deviating from Technical Guidelines 4.7.7, 5.8.1 und 5.15)

Musical performances of any kind (e.g., presentations, video, music, shows, bands, DJs, background music, etc.) are prohibited during the trade fair until 17:00 so that neighboring exhibitors are not disturbed. From 17:00 to 18:00, the volume may not exceed **70 dB (A)** at the stand boundary. Loudspeakers and other acoustic sound amplifiers/sound systems must be directed towards the exhibition stand and may not be directed towards neighboring exhibition stands or aisles. Messe München GmbH is entitled to restrict or prohibit demonstrations that cause noise or visual disturbance or that, for other reasons, lead to a significant hazard or impairment of the event or event participants. The official regulations must be observed.

For musical performances of any kind, the permission of the Society for Musical Performing and Mechanical Reproduction Rights (GEMA) is required under the provisions of the Copyright Act. Further information can be obtained directly from GEMA via the following contact details:

GEMA, 11506 Berlin, kontakt@gema.de, www.gema.de

Unnotified reproductions of music may result in damage compensation claims by GEMA (§ 97, copyright law).

B 20 Food preparation

The preparation of food—especially grilling and frying—is not permitted on the stands at transport logistic without adequate ventilation devices. Exempt from this is the heating of dishes with convection ovens. This provision also applies to day events, press and evening events as well as all events in the conference rooms.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 21 Deliveries

Consignments, letters and other mail to be delivered to the exhibitor's stand must carry the following details:

- Name of the event
- Hall (designation: A, B or C as well as the number of the hall (1–6)) or the outdoor exhibition area (designation: F and the block number (5–13))
- Stand number of the exhibition stand
- Name of the exhibitor
- Am Messesee 2, 81829 Munich, Germany

Messe München GmbH does not take delivery of consignments, letters and other mail intended for exhibitors or third parties. Exhibitors are advised not to deposit shipments or other objects unsecured in the hall or the outdoor exhibition area during setup and dismantling times.

Services with regard to the receipt and dispatch of consignments are offered by the authorized freight forwarders at the exhibition center.

B 22 Complaints and theft (cf. A 8)

If an exhibitor has any complaints, these must be submitted in writing immediately and directly during event setup, running time or dismantling, or addressed in person at the transport logistic exhibition management or exhibitor service offices in the Atrium at Hall B5 to the exhibition management or the Technical Exhibition Service. Only then is it possible for the exhibition management to make an evaluation during or directly after the trade fair, e.g. in cases of product and invoice relevance.

Complaints that are brought forward at a later stage can no longer be fully investigated and assessed, which means your complaint can no longer give rise to any claims or not be granted to the extent desired.

Complaints concerning guarding service and security should be addressed directly to the Security Department at: security@messe-muenchen.de

Please report any thefts to the security center on the exhibition grounds. Thefts that are only reported after the trade fair has closed cannot be fully investigated and assessed.

B 23 Alterations

Messe München GmbH reserves the right to make alterations and additions in matters affecting technical handling and safety.
