IFAT
India

Multiple sustainable solutions, one destination – IFAT India 2023.

This edition will mark the 10 anniversary of IFAT India as the country's leading trade fair for water, sewage, solid waste, and recycling. Over the years, this platform has emerged as the onestop destination to conduct business, explore ideas, and exchange perspectives about India's thriving environment technology sector. By leveraging the global appeal of IFAT Munich, Germany, IFAT India has successfully brought together leading policymakers, entrepreneurs, and innovators to brainstorm on the best-in-class solutions for India's pressing environment challenges.

From digital technologies to optimize water resources to IoTbacked waste management solutions, IFAT India not only brings together the best ideas and products but also the sharp minds behind them. Through its well-curated conferences, buyer-seller meetings and products in practice sessions, IFAT India has been enabling meaningful handshakes and unlocking business opportunities for India's burgeoning environmental technology sector.

Don't miss the opportunity and be part of IFAT India 2023!

Sponsorship Options

Choose from a range of options such as advertising spaces onsite & online, sponsorship of badges, lanyards, exclusive partner packages for added visibility. Stand out of the crowd. Make an bigger impact – ask for additional visibility.

Testimonials

It's a wonderful platform that offers new technologies and innovations every year to make environment more sustainable. The show brings together domestic and international technology providers, manufacturers, consultants, and customers like municipal corporations and trade boards under one roof, and all the parties find solutions to achieve their respective goals. I appreciate all the efforts of the IFAT India team and particularly appreciate the Buyer-Seller forum, a great initiative to unlock business opportunities.

Mr. Ajit V. Solvi
Dy. Chief Engineer, Municipal Corporation of Greater Mumbai (MCGM)

We have participated here in IFAT India 1st time and we had a very good response and very good visitors at our booth. We are looking forward to be a part of IFAT next year also.

Rahul V. Poddar
Managing Director, The Shakti Plastic Industries

IFAT India is an opportunity for exchange of knowledge and peer-to-peer learning. It is a great platform for those looking for new environmental technologies and solutions for a more sustainable urban infrastructure.

Carla Rossitto
Technical Advisor, GIZ

We had a very great experience in the show and the response from the customers was very good. It's a great platform to participate and we will continue to participate in upcoming editions of IFAT India.

Rajesh Chhabra
Director – Sales, GEA
