THE **QUANTUM** REVOLUTION

PARTICIPATION FORMATS

JUNE 27–30, 2023 | MESSE MÜNCHEN

2nd International Trade Fair on Quantum Technology

world-of-quantum.com

WORLD^{OF} QUANTUM

World of QUANTUM

SOLUTIONS, PROJECTS, VISIONS

Discover all the important trends, innovations and visions for the next technological revolution at the Munich trade fair—the quantum technologies. The second edition of World of QUANTUM will take place in parallel with LASER World of PHOTONICS, the World of Photonics Congress and automatica.

Key Facts*

World of QUANTUM

8,963 visitors

75 exhibitors from 12 countries

LASER World of PHOTONICS

14,938 visitors from 71 countries

906 exhibitors from 32 countries

* Numbers from 2022

Topics World of QUANTUM

- ▶ Laser systems for quantum technology
- ▶ Subsystems and components for quantum technology
- ▶ Quantum computing and quantum simulation
- ▶ Quantum communication
- ▶ Quantum sensing & quantum metrology & quantum imaging
