## Instructions for depositing the corona proof 2/2

5

Check the information on the following pages and click on "Save registration data" at the bottom right and "Confirm changes" on the following page.

6

On the following page you can now upload your digital COVID certificate (vaccination certificate, test certificate or proof of convalescence according to the current EU standard). Once you have done this, click on "Next". The process is now completed.

### Notice:

If you do **not** upload a COVID certificate, your ticket will only be activated after it has been successfully checked on site.  
Please plan enough waiting time for this.

### COVID Approval

Your **health** is our top priority, and in order to guarantee the greatest possible safety for all participants, we have developed a comprehensive **safety and hygiene concept**. You can find the exact information [HERE](#)

In order to avoid waiting times on site, we offer you the opportunity to upload your **your digital COVID certificate** (vaccination certificate, test certificate or proof of convalescence according to the current EU standard) in advance.  
Detailed information on the requirements your certificate must meet and how you can obtain such a certificate can be found [HERE](#)

If the **check is successful**, your ticket will **immediately be activated** for access to the event.  
The validity of your certificate and the data in your certificate will be checked to see whether it matches the information in your registration (first and last name).

**Please note:** You can only upload a digital test certificate on the day of your visit to the trade fair so that your ticket is activated for access.  
Even after you have completed your registration, you can upload your verification via your Messe München account.

If you **do not have proof** or do not want to upload a certificate, your ticket will only be activated after it has been successfully checked **on site**.  
Please plan enough **waiting time** for this.

Upload your **digital COVID certificate here:**

 I don't want to upload a digital COVID certificate.  
your certificate will be validated on-site

or

 Upload Screenshot of a digital COVID certificate  
valid file types: .jpeg, .png, .bmp

By voluntarily uploading the image file or scanning my digital COVID certificate, I consent to having my health data stored in my digital COVID certificate being temporarily stored by Messe München for the purpose of verification. After the check, my health data will be deleted again.

If the check is **successful**, my ticket will be activated immediately in order to gain **direct access** to the event on site.
