

# bauma FORUM

## International presentations and discussions on the key topics of bauma 2025

Innovation hall bauma LABO, ICM  
April 7-11, 2025

The bauma Forum is the core element of the supporting programme of bauma 2025 and will present keynotes, panel discussions, contributions by start-ups and universities as well as exhibitor presentations highlighting the five key topics of bauma 2025 from different angles:

- ▶ **Climate neutrality**
- ▶ **Alternative drive concepts**
- ▶ **Networked construction**
- ▶ **Sustainable construction**
- ▶ **Mining challenge**

Exhibitors can apply to participate in the bauma Forum and present their innovative solution referring to one of the key topics to an international and high-level audience.

## Exhibitor presentation

### Your services and added value

- ▶ Intensive promotion of the bauma forum via the communication of the key topics of bauma
- ▶ Publication of the forum programme before the show online
- ▶ Publication of the forum programme in the printed visitor guide available on site as well as in the bauma app
- ▶ Central location with open layout in the innovation hall bauma LABO
- ▶ High-quality presentation and media equipment
- ▶ Simultaneous translation German / English and English / German
