

Embedded NEXT

where intelligence meets design

September 11 - 12 - 13 2024

India Expo Mart (IEM), Greater Noida

Embedded NEXT Arena is a dedicated platform in the highly anticipated electronica India and SEMICON India 2024. It is a specialized zone that connects the embedded technology community with the targeted audience of key decisionmakers in Consumer Electronics, IoT, Automotive, Industrial, and more.

We would like to invite you to participate in this highly specialized zone to showcase your cutting-edge solutions, connect with potential buyers, and network with industry leaders.

Why Participate?

- **Global Stage:** Showcase your solutions to a massive audience of decisionmakers and industry influencers from across the globe.
- **Technology Transfer:** Network with industry leaders and fellow innovators. Explore potential partnerships and unlock new opportunities to accelerate your technological advancements.
- **Dedicated Presentation Slots:** Secure your spot to present your groundbreaking solutions on a dedicated stage. Educate and impress potential customers with live demonstrations and technical insights.
- **Targeted Buyer-Seller Meetings:** Connect you with qualified leads from your target markets. Maximize your ROI with focused interactions designed to convert interest into sales.
- **Thought Leadership:** Conference on eFuture, Semiconductor, Displays, EV, PCBs present a unique opportunity to position yourself as a thought leader and forge valuable connections.
- **Amplified Brand Visibility:** Increase brand awareness and establish yourself as a leader in the embedded technology space.
