

Index of products and services

14	Quantum Technologies	14.03	Applications
14.01	Laser systems for quantum technology	14.03.01	Quantum computing
14.01.01	Narrow linewidth cw lasers	14.03.01.01	All-optical quantum computing
14.01.02	Optical frequency combs	14.03.01.02	Quantum computing with trapped ions or atoms
14.01.03	Ultrafast pulsed laser systems	14.03.01.03	Quantum computing with artificial atoms
14.01.04	Laser rack systems and complete systems	14.03.01.04	Quantum computing with spins in solid state systems
14.01.05	Other laser systems	14.03.01.05	Quantum computing with superconducting qubits
14.02	Subsystems & components for quantum technology	14.03.02	Quantum simulation
14.02.01	Laser frequency references	14.03.02.01	Quantum simulation with trapped ions or atoms
14.02.01.01	Optical resonators	14.03.02.02	Quantum simulation with superconducting qubits
14.02.01.02	Spectroscopy units	14.03.02.03	Other quantum simulation
14.02.01.03	Other frequency references	14.03.03	Quantum communication
14.02.02	Detectors	14.03.03.01	Quantum cryptography
14.02.02.01	Optical detectors	14.03.03.02	Quantum networks
14.02.02.02	Other detectors	14.03.03.03	Quantum memory
14.02.03	Non-classical photon sources	14.03.03.04	Quantum repeater
14.02.04	Photon frequency converters	14.03.04	Quantum sensing & metrology
14.02.05	Vacuum technology and cryostats	14.03.04.01	Inertial sensors
14.02.06	Traps for atoms and ions, solid state quantum systems	14.03.04.02	Electrical, magnetic & electromagnetic sensors
14.02.07	Quantum random number generators	14.03.04.03	Timing systems & optical atomic clocks
14.02.08	Electronic devices & software for quantum technology	14.03.04.04	Other quantum sensors
14.02.08.01	Detector electronics & software	14.03.05	Quantum imaging
14.02.08.02	Regulator electronics & software	14.03.05.01	Ghost imaging
14.02.08.03	Control electronics & software	14.03.05.02	Quantum-enhanced imaging
14.02.08.04	Other electronic hardware or software for quantum technologies	14.03.05.03	Quantum lithography
14.02.09	Custom optics		
14.02.10	Other subsystems and components
